HONORING THE OFF-PREMISE INDUSTRY'S BEST

WE'RE LIVING THROUGH AN ERA OF innovation, experimentation and expansion for off-premise retailers. Social media, millennial engagement, supplier creativity and more are reshaping the industry across the country.

For the first time in 2019, we're hosting an awards banquet to honor the Top 100 Retailers on the last night of the Beverage Alcohol Retailers Conference (June 12 in Louisville). Winners will be revealed that night in a special commemorative issue of *Beverage Dynamics*, and publicly unveiled in a special supplement to the July/August 2019 issue, featuring the #1 winner on the cover.

This banquet is only open to winners and a handful of sponsors, and the focus will be on gathering together top retailers to network and share best practices. It's a great way to expand upon our Retailers of the Year Awards and cap off BARC 2019 in Louisville.

I hope you'll enter your company for consideration as a Top 100 Retailer. If you're a wholesaler, supplier or other industry vendor, please nominate your top customers for consideration. I look forward to reading about all the innovative projects happening throughout the industry, and thank you for improving the off-premise industry on a daily basis throughout the year!
